REPORT OF COMMITTEE

DECEMBER 2, A.D. 1914, A.L. 5914

1914

COMMITTEE ON MASONIC HOMES

The Committee on Masonic Homes made the following report, when on motion it was

Resolved, That the action of the Committee as shown therein be approved.

To the Right Worshipful Grand Lodge of Free and Accepted Masons of Pennsylvania:

BRETHREN:

The Committee on Masonic Homes, in submitting its sixth annual report, as is required by Section 43 of the Ahiman Rezon, assumes that the members of Grand Lodge and of the Fraternity within our Jurisdiction have familiarized themselves with the details which have been fully set forth in the five previous annual reports, and will, therefore, confine itself to the operations of the Homes for the fiscal year which ended on November 15, 1914.

Three of the Brethren who were elected to membership upon this Committee declined to serve, to wit: DAVID A. SAWDEY, SPENCER C. GILBERT and DAVID F. COLLINGWOOD. Their close attention to its interests, their exhaustive study for the mastery of details, and their devotion to the many complex problems arising made them valued members, and it is to be sincerely regretted that their personal business duties were such as to require them to sever their connection with the Committee.

To fill the vacancies thus caused, the Grand Master appointed the following:

Brother WILLIAM M. DONALDSON, Lodge No. 464,
Brother ANDREW H. HERSHEY, Lodge No. 43,
Brother HENRY C. SCHOCK, Lodge No. 551,

who, with Brother EDWARD W. PATTON, have constituted the Executive Committee.

There have been twelve general meetings of the Committee, at each of which all the Brethren were present or accounted for.

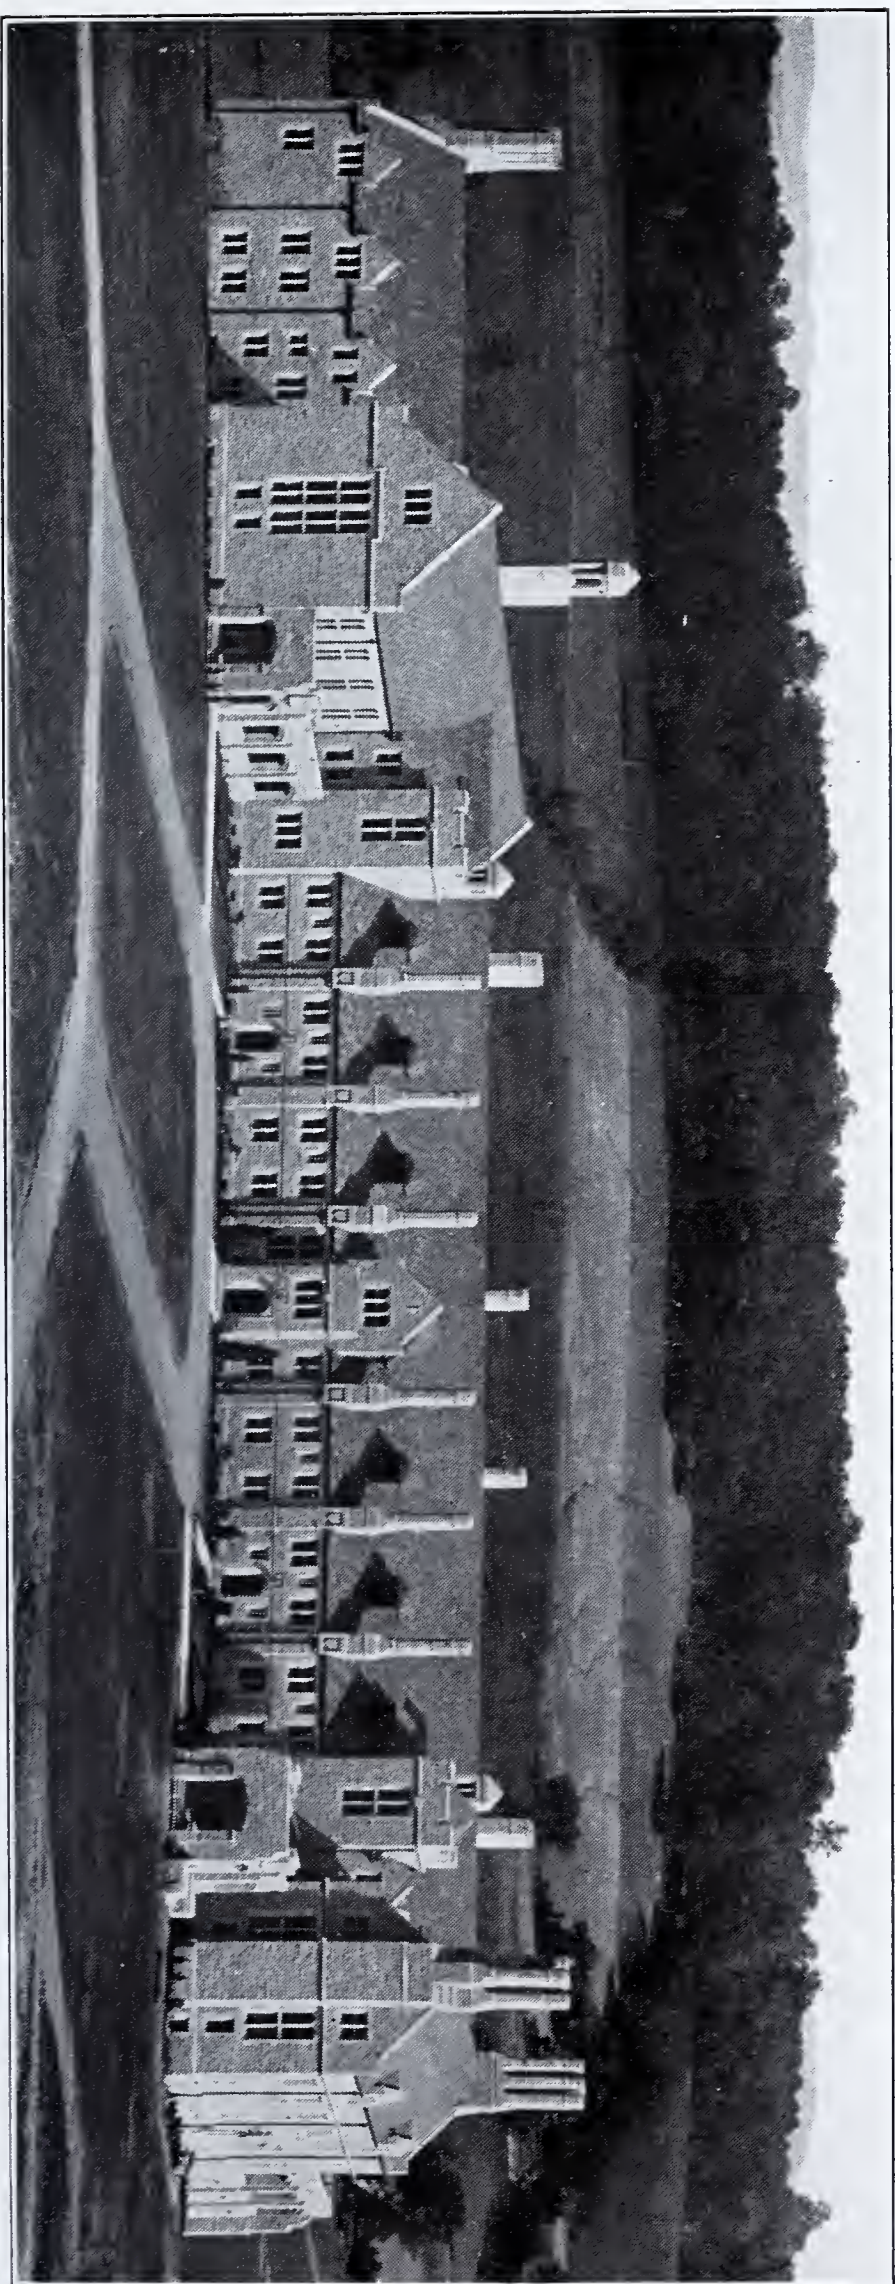

The year has been one of marked growth and development, not only in community life and in population, but in building upon the foundations heretofore laid, looking to the fulfilment of this undertaking, which is unique in the history of the world.

The project has already assumed the dignity of a real community, with the essential departments of administration and accounting, heat and light, sewage disposal, highways, agriculture, fruit culture, horticulture, stock and poultry, each supervised by a skilled head, and all by our painstaking and efficient superintendent, Brother N. FRANKLIN HECKLER, of Lodge No. 51.

GUESTS

At the beginning of the fiscal year there	
were upon the roll of guests.....	90
There were admitted from November 15,	
1913, to November 15, 1914.....	110
Making a total of	200
During the year there passed away, as per	
Schedule B	13
And were withdrawals to the number of	
(see Schedule B)	10
	23
Leaving the total number of guests on the	
roll November 15, 1914.....	177
Of this number there are:	
Men	78
Women	79
Children	20

Of the men and women, there are 26 married couples.

GRAND LODGE HALL—REAR VIEW

Included in the 20 children is Doris Tourjee, who was born in Grand Lodge Hall on September 21, 1914.

To date the admissions to the Homes number 217. These are from 40 Counties of the Commonwealth, as per Schedule A.

Of the 217 guests, 16 have withdrawn and 26 have passed away. Of this number 7 are interred in the cemetery on the Homes grounds.

Two of the facts above stated, standing in such strange juxtaposition—the birth of Doris Tourjee and the demise of 26 guests—are but another evidence of the breadth and scope of the Home, covering the period from the cradle to the grave.

While we welcome to our fraternal care the newly born, it is gratifying to Grand Lodge to know that life's pathway for those of our Brethren who have gone before, was strewn with roses, and that their last hours on earth were peaceful and serene.

The health of the guests has been remarkably good, barring some who are afflicted with chronic ailments.

The average age of the men is 68 and of the women, 66.

It has been extremely difficult to avoid making errors in admissions to the Homes. Some have been approved as guests who were subsequently found to be not proper subjects and it was necessary to request their withdrawal. The Home is in no sense a reformatory, or a retreat for those whose personal habits or discordant dispositions make them undesirable guests in a household. Happily, such cases have been remarkably few and in the future a more thorough examination of applicants, should entirely relieve us from this source of anxiety.

CHILDREN

One of the most serious problems confronting the Committee, is the proper care and education of the children who have come to us. We already have 20 and a number of others are knocking at our doors for admission. They are in the

formative stage of life, their ages varying from 2 months to 16 years. They come within both the letter and the spirit of the resolutions, under which the Home at Elizabethtown was founded.

Their tender years, the pathos of the situation which brought them to us, their helplessness and loneliness, constitute an appeal to the best that is in us, to provide for them the protection, the care and the education which are their due, and which shall not only fit them to be useful citizens of the world, but properly develop them as a credit to the Fraternity, whose wards they peculiarly are.

At present they are occupying Guest House Number 1, presided over by a House Mother and an assistant. Those of school age attend the public schools of Elizabethtown, and the younger ones have kindergarten instruction. In order to provide interesting and profitable recreation, the garden in the rear of Guest House Number 1 has been plotted, and the children sow the seeds and care for their vegetables and flowers to maturity. They thus obtain a knowledge, not only of the principles of gardening, but also of individual property rights, and they are zealously taught to respect those rights in others.

Our purpose is to make the children feel that they are in a real, warm, family home. While nothing can take the place of the absent mother love, the children are happy and contented, and are surrounded by an atmosphere of home life, with moral and spiritual influence and training.

It is our duty, while we are caring for and educating these children, to find new homes for them and to select such homes carefully and supervise them thoroughly. It is a pleasure to note that already there are several requests from members of the Fraternity, for adoption of these wards of Grand Lodge.

The time is soon coming when it will be incumbent upon us to form a separate committee, looking to the supervision of the children, who from time to time will be committed to our care and sent out to new homes and new fields of endeavor.

VISITORS

As evidencing the increasing interest in the Homes, it should be stated that during the Masonic year 1912, the registered visitors numbered 1,109, during 1913, 9,384 and in the year just closed, 16,014.

The last number does not include those who were present at the laying of the corner-stone of the "John Henry Daman Memorial Building," or a large number who did not register at the Superintendent's office.

The visitors represented the following Countries, States and Territories: England, Germany, Scotland, Australia, New Brunswick, Florida, Delaware, Wisconsin, Kentucky, Kansas, Virginia, West Virginia, District of Columbia, Nevada, Missouri, New Jersey, New York, Connecticut, Iowa, Indiana, Illinois, Ohio, Texas, Michigan and Pennsylvania.

Without a single exception, the visitors volunteered the suggestion that they would gladly and with enthusiasm, relate to the Brethren of their home Lodges, a full account of the stupendous work being carried on by Grand Lodge.

There are some sentiments that cannot be photographed or expressed in words or on paper. To obtain a full understanding of the colossal undertaking of the Grand Lodge at Elizabethtown, to get a proper comprehension of the scope and magnitude of the work, one must be upon the ground and personally inspect the details of the work. It is gratifying to note, therefore, that during the year fourteen Lodges (see Schedule C) visited the Homes, and the Committee entertains the hope that every member of Grand Lodge and of the Fraternity in our Jurisdiction, will feel impelled to go to Elizabethtown and see for himself the great work in which we have engaged.

COMMUNITY LIFE

Bearing in mind the scope of our work as set forth in the annual report of 1912, the purpose has been to bring out the best that is in each of the guests and to lead them along

such lines of usefulness and activity, as their respective leaning and ability will permit and to make them feel that they are a part of a living, pulsating community—that they have come there to live, to enjoy life, to be active, and not to stagnate or to die.

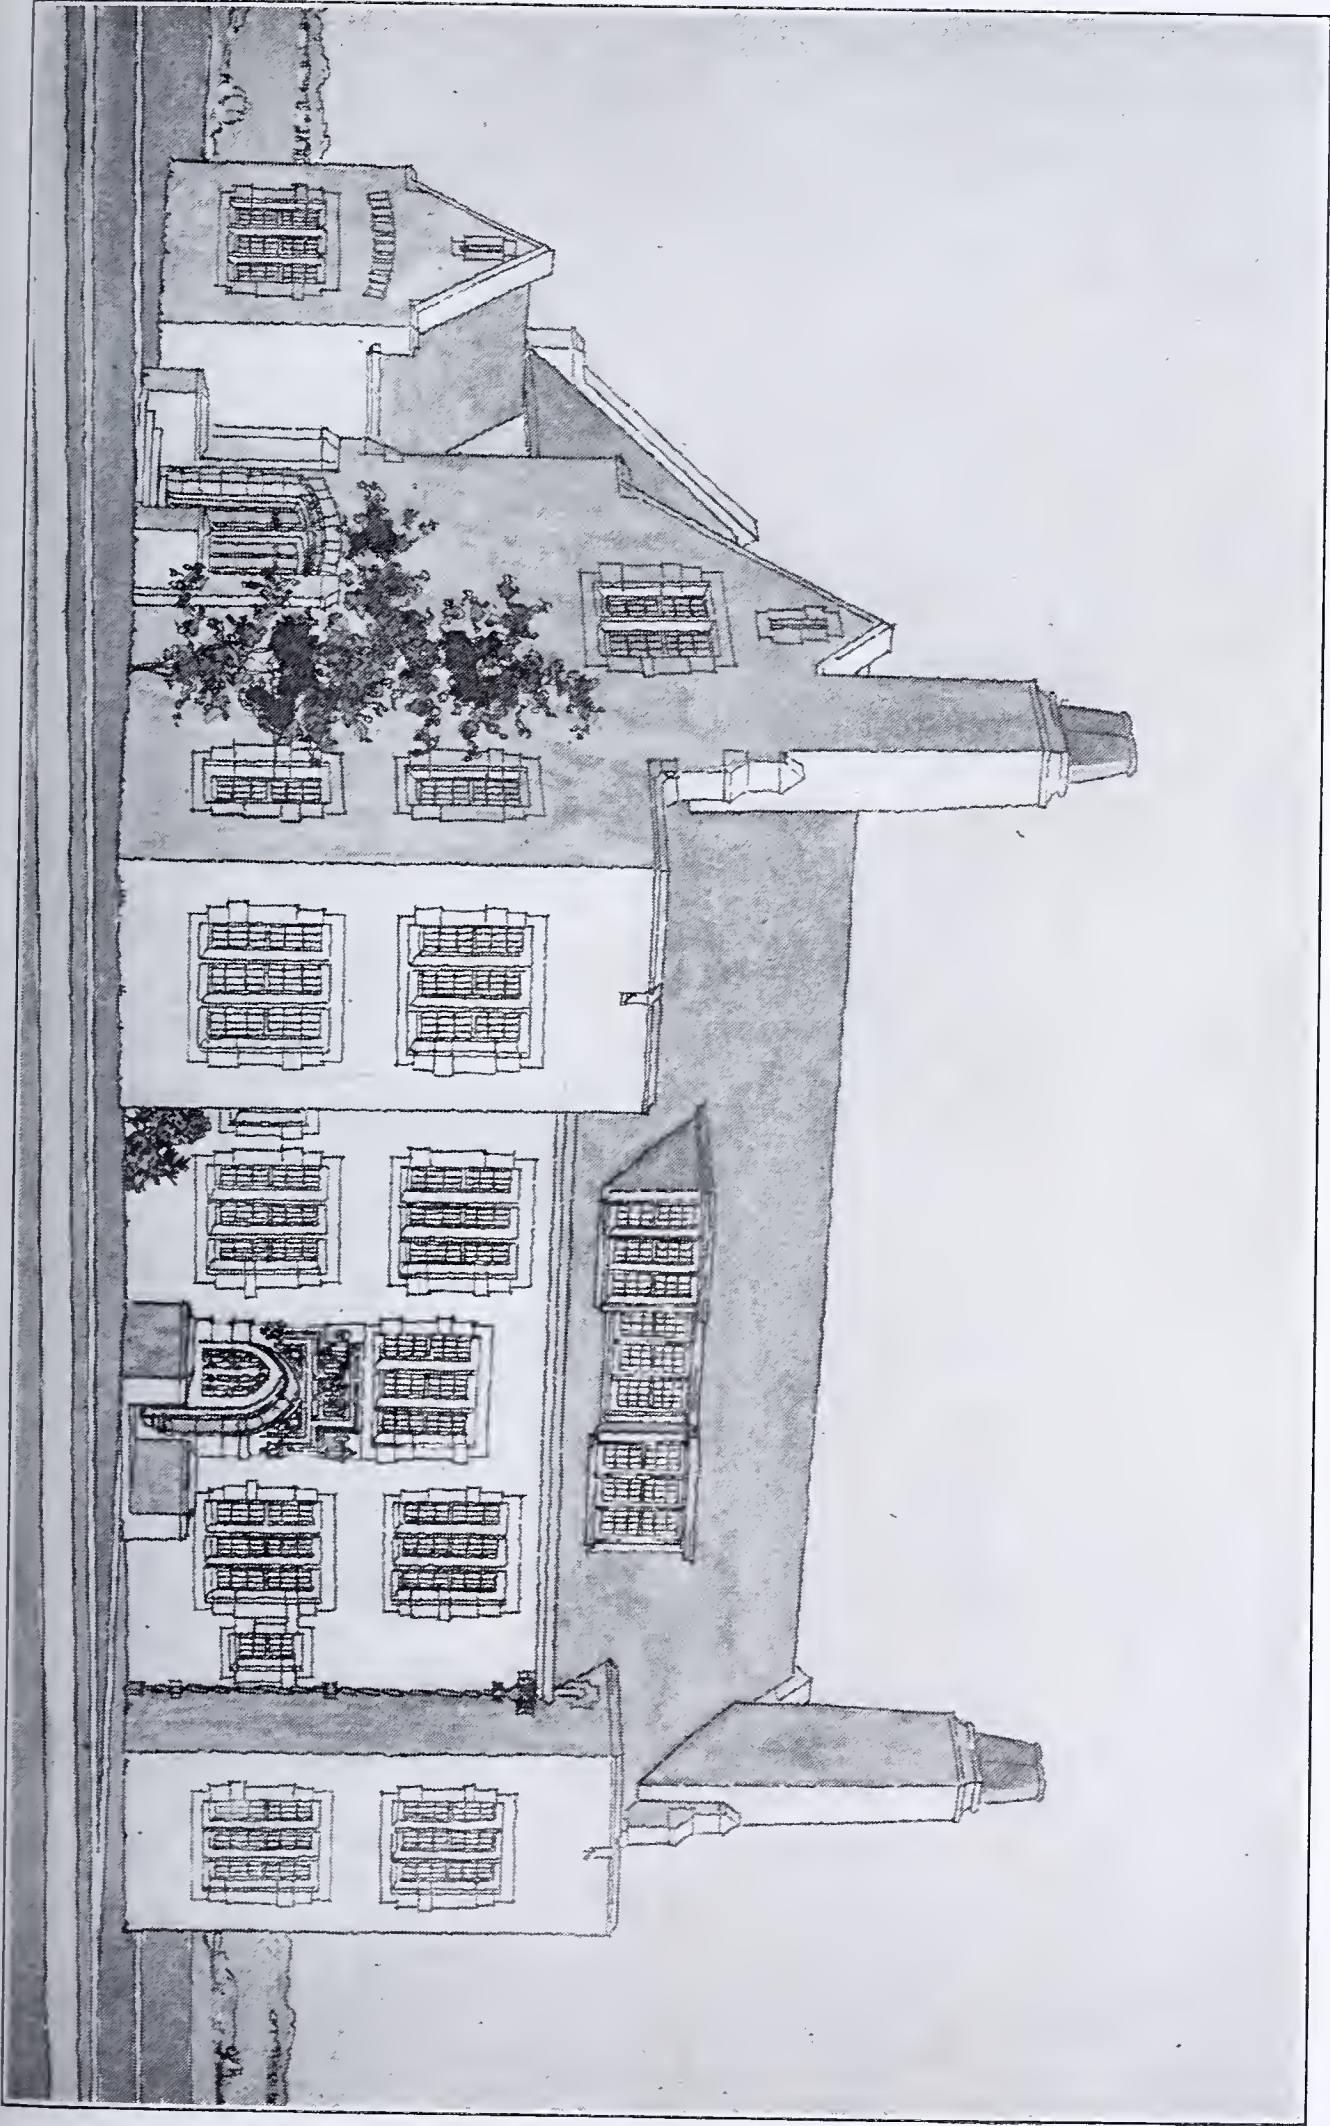

The social life of the Homes has been greatly enriched during the year by literary and musical entertainments, made possible by generous volunteers from Harrisburg, Elizabethtown, Mt. Joy, Lancaster and Manheim, assisted by the guests at the Homes.

The entertainments have been given weekly and have been potential factors in the pleasure and contentment of the guests.

The special exercises which stand out prominently, are those which were held on New Year's Day, Lincoln's Birthday, Washington's Birthday, Memorial Day, Fourth of July, Thanksgiving Day and Christmas.

Conspicuous among the social events of the Homes, was a visit of 47 of the guests to Perseverance Lodge No. 21, of Harrisburg, on October 26. The members of the Lodge arranged all the details of the visit, including railroad transportation to and from the Homes, an automobile ride through the streets and parks of Harrisburg, and an excellent dinner at the Masonic Temple. An extra meeting of the Lodge was held for work, and the guests were privileged to witness the exemplification of the three degrees. The thoughtfulness and brotherly love, which moved the Lodge to this kindly act, are deservedly appreciated.

Every Sunday afternoon finds the guests of the Homes, with their visiting friends, congregated in the Assembly Room for divine service. Many of these services are held under the auspices of Lodges in and around Lancaster County, who journey to the Homes for this purpose, bringing with them eminent clergymen, church choirs, soloists, and sometimes orchestras, to render the services more interesting and impressive.

JOHN HENRY DAMAN MEMORIAL BUILDING

Mid-week Bible study and prayer meetings, conducted by the officers and guests of the Homes, are held every Wednesday evening.

LIBRARY

The steady growth of the library continues, there being at the present time 1,800 donated volumes on the shelves. In addition to these, we are the recipients, through members of the Fraternity, of daily papers and periodicals, from Philadelphia, Pittsburgh, Harrisburg, Lancaster, Boston and other places.

JOHN HENRY DAMAN MEMORIAL BUILDING

JOHN HENRY DAMAN, a member of Washington Lodge No. 59, passed away June 2, 1912, having first made his last will and testament bearing date the 11th day of November, A.D. 1911, which was duly probated on the 8th day of June, A.D. 1912, at Philadelphia, and is recorded in Will Book Number 340, page 164.

By his will, of which Right Worshipful Grand Master, Brother J. HENRY WILLIAMS is executor, he devised the residue of his estate as follows: "I give, devise and bequeath all the rest, residue and remainder of my estate unto The Right Worshipful Grand Lodge of Pennsylvania, F. & A. M., at Broad & Filbert Streets, Philadelphia, Pennsylvania, for the purpose of building and maintaining a cottage or cottages, to be known and inscribed as the 'John Henry Daman Memorial Building.'"

The ground for this building was broken June 22, 1914. An interesting address was delivered by Brother THEODORE F. HERMAN, Professor of Theology of the Reformed Theological Seminary of Lancaster, Pennsylvania. On September 22, 1914, the corner-stone was laid with appropriate ceremonies, by the Right Worshipful Grand Master, Brother J. HENRY WILLIAMS, assisted by the Grand Officers, in the

presence of a large number of the Fraternity, including the Lu Lu Temple Band, under the leadership of Brother A. HOWARD THOMAS, and a chorus of male voices under the direction of Brother GILBERT RAYNOLDS COMBS.

The building, which is a three-story structure, with a rear wing, is located 39 feet north of Grand Lodge Hall, with which it is connected by a corridor. The building is constructed of Holmesburg granite, with Indiana limestone trimmings. The heating, plumbing, lighting and cleaning facilities will be of the most modern type. It is expected that this building will be ready for occupancy about May 1, 1915. It will accommodate 60 guests.

Of this building it was appropriately said by Brother ABRAHAM M. BEITLER, of Lodge No. 449, who delivered the address at the corner-stone laying:

“This Daman Memorial Building is the first private donation of any considerable amount received by Grand Lodge since the construction of the Masonic Homes was begun. The legacy left by him enables Grand Lodge to make a beginning in the erection of the group of cottages planned to be built and occupied in conjunction with Grand Lodge Hall. Lifting the veil of the future, we may see the entire tract of land reserved for that purpose, occupied a few years hence by cottages, some large, some small, in which, maintaining the family relation and as far as possible the peculiar and sweet features of home life, the guests of Grand Lodge may be housed. Those who have worked in this great movement are sanguine that in a very few years these cottages will be erected—all of them. . . . On the Masonic Roll of fame in years to come, . . . will be inscribed the name of JOHN HENRY DAMAN, one of the Masons in the ranks, whose gift of the bulk of his estate stamps him as the pioneer in carrying the great work, as planned, on to completion. He was actuated by the true Masonic spirit of Brotherhood. His gift will make his name blessed by people who were never known to him, whose only claim upon him was their Masonic con-

PIGGERY

nection. His benefaction will smooth life's way for many and many a man and woman stranded on life's rocky shores. He has laid upon the altar of Masonic charity his great gift. All honor to him and may the building, whose corner-stone has been laid to-day, be blessed in its use and occupation by our Heavenly Father."

BEQUESTS

Among the bequests which have come to Grand Lodge was one provided by the will of our late Brother, WILLIAM H. KRUG, a member of Phoenix Lodge No. 73, West Virginia, who recently passed away, leaving under his will one-half of the residue of his estate to Grand Lodge in trust, to use the income for the maintenance of the Homes at Elizabethtown. It is estimated that our share of this estate will be upwards of \$100,000.

DONATIONS

The donations for the year have been generous, as appears by Schedule D, hereto attached, and are another manifestation of the deep and growing interest of the Fraternity in our interesting work.

NEW PASSENGER STATION AND FOOT TUNNEL

On August 17, excavation was begun by the Pennsylvania Railroad Company for the new passenger station at Elizabethtown, the work upon which is now well under way and is being rapidly pushed to completion. This station is located north of the tracks and is directly opposite the boulevard leading to the Grand Lodge Hall. Its architecture conforms to the type of Grand Lodge Hall, and the building is of the same material—Holmesburg granite, with Indiana limestone trimmings. It is planned to beautify the site of the new station by sodding, shrubbery, etc., so that when completed the building and grounds will be a distinct addition to the town and to the Homes.

SAW-MILL

A saw-mill has been installed at the pumping station, and during the year 400 logs have been hauled to this mill from our own property, for sawing into suitable sizes to be used for repairs and extensions to the farm buildings.

INSURANCE

The following fire insurance has been placed upon our property:

Houses	\$339,750	
Contents	23,600	
	<hr/>	\$363,350
Barns	\$25,500	
Contents	33,179	
	<hr/>	58,679
Other buildings	\$98,835	
Contents	3,800	
	<hr/>	102,635
		<hr/>
		\$524,664

In addition thereto, we carry:

Public Liability Insurance.....	\$10,000	
Employer's Liability Insurance.....	10,000	
Steam Boiler Insurance.....	15,000	
	<hr/>	35,000
		<hr/>
		\$559,664

ROADS

One of the strong factors in determining upon Elizabeth-town as a site for the Homes was the fact that what was known as the Ridge Road, which passes through the whole length of the property, would be abandoned. It was a public highway and was duly vacated by the Court of Quarter Sessions of Lancaster County. During the year, however, some citizens in West Donegal and Conoy townships presented a petition to re-open this Ridge Road by having it again declared to be a public highway. It was an unpleasant controversy

and was the subject of many conferences between the Committee and the petitioners referred to. Viewers were appointed, several meetings were held upon the ground and at Lancaster, and many witnesses were examined. After a full hearing the prayer of the petitioners was refused. The report of the viewers has been confirmed *nisi* by the Court and no exceptions have been filed thereto. The report will, therefore, probably be confirmed absolutely in December.

WATER SUPPLY

Although during the past summer a large part of Pennsylvania has suffered from the most severe drought recorded in many years, it is gratifying to report that our water supply has not been diminished in any appreciable amount. Our reservoir and three dams of a capacity of 6,000,000 gallons have been standing full. Frequent tests have demonstrated that practically 100,000 gallons of the surplus have run off daily as an overflow.

It is proper to say that during one of the heavy storms in July, which amounted almost to a cloudburst, the surface water did considerable damage to our property and disturbed the condition of the water, which, however, was but temporary.

WILLIAM H. DEAN (a member of Landmark Lodge No. 442), an analytical chemist of large experience, has given his services gratis for the purpose of making tests as to the purity of the water. Samples of the water are sent to him weekly, and his reports show that the supply is soft, pure and entirely free from any deleterious or harmful substance.

SEWAGE DISPOSAL PLANT

Referring to the agreement entered into on the 4th day of September, 1912, by your Committee, with the Hammond Engineering Company for the installation of a sewage disposal plant, for the sum of \$21,454.08; it will be remembered that the plant was to be subject to the approval of the State Board of Health. This approval has not yet been obtained.

FARMING

On the 1st of April, 1914, the Committee secured the services of Henry C. Fasset as head farmer and abolished the tenant farm system on all its farms, except the Heisey farm containing 51 acres, and the Witmer farm containing 87 acres. The tenants of both of these farms have been notified to vacate on April 1, 1915, thus enabling Grand Lodge to work and manage all its farm property.

To carry out this plan, it was found necessary to equip the farms with live stock, farming implements and farm buildings.

After securing competitive bids, the Committee awarded the contract to H. G. Carson, of Philadelphia, for a new dairy barn, piggery and poultry plant, and for changing the Gish barn (No. 11) into a horse barn. The amount of the contract was \$18,140.

The acreage cultivated for the year was as follows:

90 Acres of Wheat	4 Acres of Soy-Beans
26 Acres of Oats	50 Acres of Vetch and Crim-
80 Acres of Corn	son Clover
160 Acres of Grass	7 Acres of Rye
8 Acres of Tobacco	8 Acres of Alfalfa
30 Acres of Potatoes	

which have given us a yield of

1,500 Bushels of Wheat	100 Bushels of Soy-Beans
1,000 Bushels of Oats	5 Tons of Soy-Beans Hay
4,000 Bushels of Corn	165 Bushels of Rye
350 Tons of Hay	25 Tons of Alfalfa
4 Acres of Tobacco	2,500 Bushels of Potatoes

which, with the garden produce, were of a market value of \$14,454.51.

The acreage under cultivation for 1915 will be 677.

ORCHARDS

The present orchards comprise an area of 50 acres, 40 acres of which are planted to apples and inter-planted with peaches which are three years old, and which are due to bear during the summer of 1915. The remaining 10 acres are now two years old.

We will also have additional orchards of apples, comprising about 50 acres, which will be set out in the fall of 1914 and the spring of 1915.

We have approximately the following number of fruit trees:

2,500 Apple Trees	105 Pear Trees
2,733 Peach Trees	80 Plum Trees
252 Cherry Trees	31 Quince Trees
12 Apricot Trees	

VINEYARD

To the 600 vines previously planted, there have been added 300 vines.

The vines are in very good condition, and the grapes are used principally for consumption in the Homes.

FRUITS AND VEGETABLES

Sixteen hundred and thirty-five (1,635) gallons of fruits and vegetables have been preserved and put in the kitchen of Grand Lodge Hall, for winter use.

NURSERY

In our nursery we have at the present time 9,396 evergreens, and over 4,000 shrubs and bulbs of 48 varieties. This number is being rapidly increased by propagation.

It is proposed to propagate all trees and shrubbery that will be needed for the Homes, and also to provide a large growing stock to be sold to the public.

We have the advantage over many nurserymen in that

every known shrub and plant indigenous to this climate grows here, from which our landscape gardener can easily propagate and produce any number we may desire.

This nursery has been and will be increased from time to time by the donation of plants and shrubbery by Lodges and members of the Fraternity.

LIVE STOCK

Our live stock on hand is as follows:

Steers	97
Bull	1
Cows	23
Heifers	6
Hogs	20
Sheep	79
Horses	17
Poultry	1,000

The steers have been put in pasture and will be fed during the winter with corn and forage. This enables us to utilize our corn, hay and green fodder and obtain its full value. We will secure a large amount of fertilizing product. The steers will increase in weight; and we expect by their sale in the spring to realize a substantial profit on the investment, and to be in a position, if desired, to use such of them as may be necessary for our own table.

The sheep, which are in pasture during certain months of the year, are kept in a sheep barn during the cold months. They are raised for the sole purpose of furnishing mutton for the Homes.

The capacity of the new piggery is 75. Early in the season we bought a trio of registered Berkshires for the purpose of starting in with full-bred stock.

The hogs will be largely raised on pasture, and as much of the pork as may be necessary will be used in the Homes. The surplus will be sold in the market.

AYRSHIRE HERD

One registered Ayrshire bull, costing \$500, was presented by Brother WILLIAM M. DONALDSON, of Lodge No. 464, a member of the Committee on Masonic Homes, and by him registered in the name of "Bobby Burns" in the Ayrshire Breeders' Association.

We also purchased 6 registered Ayrshire cows.

The registered cows and bull are a foundation herd, and have been supplemented by 6 grade Ayrshire cows and 17 Holstein grades. The purpose is to build up a herd of Ayrshires and have registered stock for sale, as well as to furnish milk and butter for the use of the Homes.

FINANCIAL STATEMENT

The receipts and disbursements for the year appear in Schedule E hereto attached, and in the aggregate are as follows:

Receipts.

Balance, November 16, 1913.....	\$1,327.22
Appropriations from Grand Lodge..	\$154,098.83
Other sources	6,505.01
	<hr/>
	160,603.84
	<hr/>
	\$161,931.06

Expenditures.

Sundry items	\$6,412.75
On capital account	77,550.58
Maintenance account	77,446.86
	<hr/>
	\$161,410.19
Balance, November 15, 1914.....	\$520.87

Every item of expenditure has been safeguarded by painstaking investigation, and the books and accounts have been audited by the United States Audit Company. The Fraternity is earnestly urged to scrutinize the disbursements made and to aid the Committee by generous advice as to its management of the Homes.

The cost of maintenance may seem high for our present needs, but as our community shall advance in splendid proportions; it will soon become apparent that Grand Lodge built wisely and well and in full view of the future demands to be made upon it.

The requirements for the fiscal year 1915 are as follows:

Maintenance of Guests, Operating Expenses of Grand Lodge Hall, Guest Houses Numbers 1 and 2, "Daman Memorial Building" (after its completion), Power, Light and Laundry	\$60,658.77
Maintenance and Operation of the Farms, Gar- dens, Stables and Orchards	26,201.00
Maintenance of Buildings and Grounds, includ- ing Material and Labor.....	8,749.31
	<hr/> \$95,609.08
Capital Account	12,073.50
Contingent and Emergency	10,000.00

It will be noticed that of the proposed expenditures \$26,201.00 is for maintenance and operation of the Farms.

The Committee has reasonable expectations that the value of the products of the Farms and Orchards will materially reduce the cost of maintenance, and keep it within the net revenue of Grand Lodge.

The creative thought of Grand Lodge, in connection with the Homes, was to discharge fully a fraternal obligation. It would be strange indeed, if, in our laying the foundation to this end, no obstacles would appear, no problems would present themselves.

To assemble 177 people of different temperaments, from varying environments and of great disparity in early advantages, in education and in culture, and to assimilate them to the conditions at Elizabethtown, is a task which calls for the greatest study, forethought and care.

Admission as a guest does not annul the natural longing for the sympathetic heart-beat or the human touch. Food and clothing will not of themselves suffice. Merely to afford a warm shelter from the storm is not enough. Our work in hand calls for an effort too delicate for the cumbersome machinery of what may be termed organized charity. Contentment under wholesome conditions is the goal. This enterprise is superb in its purpose and scope, as well as in the lofty spirit by which it is permeated. What it stands for marks an epoch in fraternal forethought.

This is all the more notable as a memorial of human kinship, when we consider the deplorable and unhappy conditions by which the nations and peoples of Europe are rent in this eventful year of 1914, when "grim-visaged war" is destroying so many precious lives and desolating so many homes that were built for happiness and contentment.

At such a time, when our hearts go out in sympathy to the innocent sufferers beyond the sea, how beautiful it is to help, to heal, and to comfort those of our own household who cherish the remembrance of "happier things," as well as the younger guests for whose future we are so deeply concerned.

It is a great privilege for Grand Lodge to be engaged in this work, and we can ask for no higher endowment in connection therewith, than guidance from the Supreme Source of all good, to enable us to do it well.
